November 20, 2022

The GFSPA 98th Annual State Convention will be held in Columbus, Georgia at the Historic Iron Works (The Columbus Georgia Convention and Trade Center.) We will convene May 14-17, 2023. We are seeking sponsors, exhibitors, and advertisers to help make it an Iconic Event. We will do this by soliciting new relationships and renewing existing relationships with our suppliers, vendors, and sponsors. The Convention Committees on the State and District levels are working tirelessly to make it an event to remember.

We understand that every entity that supports an organization wants something in return. We are offering increased visibility and the opportunity to communicate with our membership about your organization and how it can bring value to our members. We want and need your support.

2023 is not a full exhibit year. However, we do have available 20 Vendor tables which are \$400.00 each. Enclosed are a Sponsor Opportunity Guide, a Vendor Guide and an Advertising Contract to advertise in our souvenir journal. We encourage your participation in all three opportunities. As always, the Vendor Tables are assigned on a first-come, first-serve basis so please contact us early.

We continue working on future events and invite all our sponsors, vendors, suppliers and friends to join us. In 2024, the 99th Annual State Convention will be held in the Fourth District, traditionally held in Albany/Valdosta, Georgia area. In 2025, the 100th Centennial Celebration Convention will be held in the Seventh District, traditionally held in the Athens/Gainesville, Georgia area. With your participation, we are going to have a great time. You will be updated as time draws near for each event. My contact information is listed above. Thank you for your support.

David Carl Hurt, Sr.
